

Building Interfaith America: IFYC Campus Innovation Grants 2020-21

Application Questions

Overview

IFYC is offering [Campus Innovation Grants](#) in the amount of \$2000 and \$4000 to support campuses as they implement sustainable initiatives to advance interfaith leadership. All undergraduate-serving U.S. institutions of higher education are eligible to apply for a Campus Innovation Grant. IFYC is particularly interested in supporting these initiatives at HBCU and HSI campuses.

Before starting your application, please read the full [Request for Proposals](#), which frames the purpose and requirements of the grants. You can review the questions below to prepare for your grant submission, and the online application will be available on January 15th, 2020. The deadline to submit all application materials is March 23rd, 2020. Feel free to reach out to Katherine O'Brien (katherineo@ifyc.org) with any questions.

Campus Interfaith Inventory

Completing the [Campus Interfaith Inventory \(CII\)](#) is required for all applicants to reflect on where you have existing assets for interfaith cooperation on campus and where there are areas for growth. Please make sure that you or a representative of your campus has completed the CII before starting the application, and that you have access to your inventory responses, as some questions pertain directly to the inventory. If you need support to complete the CII for your campus, please contact Rob LeLaurin at robert@ifyc.org.

Please review or complete your Campus Interfaith Inventory by following this link: [Campus Interfaith Inventory](#). The CII auto-populates any responses from the previous year and must be reviewed and modified before submitting for the current year. If you have questions about the person listed as the Inventory Contact or need support to complete the CII for your campus, please contact Rob LeLaurin at robert@ifyc.org.
